Key: V-Violet; P=Pink; R=Red; O=Orange; Y=Yellow;
 G=Green; A=Aqua; B=Blue; T=Tan; N=Neutral.
 Color values ascend numerically from lightest to darkest.

Directions: Separate your markers into color groups as indicated in the Key and order them from lightest to darkest. For example, T1 is the lightest tan and T7 is brown. Label your markers by writing on the barrel with a Sharpie pen or by adhering stickers. Color a sample in each corresponding rectangle.
